

SCHOOL FACILITIES

PLANNING

In order to provide the best possible physical environment for learning and teaching, the following factors shall be considered in the planning of district facilities:

- A. Facilities shall accommodate the educational needs of students and be consistent with the educational philosophy and instructional goals of the district.
- B. Facilities shall meet or exceed all health, safety and welfare regulations.
- C. The district shall seek state and federal moneys to the maximum extent available to supplement its own financial resources.
- D. Undesirable environmental impact shall be minimized.
- E. Changing demographic factors shall be monitored in order that students' needs are met when the future becomes the present.
- F. Developments in the state cost stabilization program shall be followed when they are compatible with the district's educational goals and promise significant savings to the district.
