# Wenatchee School District

## Acceptable Use Policy Opt Out Form

The Wenatchee School District provides a wide range of computer resources to its students and staff for the purpose of advancing the educational mission of the District. However, not everyone wants his or her student to have access to a networked computer or the Internet. Please use this form to opt out of the Internet privileges in the Wenatchee School District. In the event of an assignment that requires the use of a networked computer or the Internet, your student will be given an alternative assignment or research tool. In the event of a word processing or other software assignment, a non-networked machine will be substituted. Policy # 2022

☐ I would like to opt my student out of the acceptable use policy in the Wenatchee School District and have them be given an alternative assignment or a non-networked computer to use that does not have access to the Internet.

_____

Print Student's Name Signature Date

_____

Print Parent's Name Signature Date

_____

Print School Official's Name Signature Date

The opt out policy will be in effect until it is changed by a parent or guardian of the student named above. This form will follow the student as long as they attend a Wenatchee School District school.
