

MAKE YOUR DAY GUIDELINES
Wenatchee School District Library Media Centers

The elementary school district teacher-librarians have agreed to go by the following guidelines, according to the Make Your Day philosophy:

1. Students have an opportunity to earn all of their MYD points during their scheduled library class time by doing what's expected and doing it the best they can.
2. A time to checkout books is part of a scheduled library class time. If a student does not return his or her library books, the natural consequence is that he or she may not check out another book at that time.
3. Points will not be automatically deducted for not returning books.
4. Students will be given a choice of alternate activities that can allow them to earn their points during checkout, even if they are not checking out. Librarians at each site will identify acceptable choices, including the option to "opt out." (Possible choices: looking at magazines, reading a book, doing homework, etc.)
