

Wenatchee School District

Refusal to Participate in WASL Testing

Student _____ DOB _____

School _____ Grade _____

In order for a parent or guardian to exclude their child from testing they must provide written documentation. Parents may either complete the form below or the school may attach a note from parent/guardian.

I request the above student be excluded from taking the

_____ Assessment.

Reason:

I understand that:

Successful performance on the WASL is a graduation requirement for the class of 2008. Students' not taking the WASL in earlier grades do not have an opportunity to practice taking the WASL and receive feedback on their performance.

Beginning with the class of 2006, WASL scores will be posted on students' high school transcripts.

Students not taking the WASL are considered not meeting standard by the State of Washington.

Parent/Guardian Signature

Date

*This form is to be filed within the student's cumulative record located at the school building.
The test booklet must be marked REF for all test sections.*
