

Dear Parent:

We are making plans to end the school year. This includes ensuring any remaining medication your child may have will be transported home in a safe manner.

Please arrange to pickup medications at school on the last day of school.

Any medication left at the school will be destroyed seven (7) days after the end of the school year.

If your child needs to take medication during school hours next year, please have your health care provider complete the attached form. Please bring the completed medication authorization and the medication in a properly labeled container one week before school begins in the fall.

Thank you for your cooperation, and enjoy your summer!

Your School Nurse
